PROFESSIONAL SUMMARY

Senior **.NET Full Stack Developer** with **7+ years of experience** designing, developing, and modernizing enterprise applications using **.NET 8, ASP.NET Core, Web APIs, Angular, and SQL Server**. Experienced in **API-driven architectures, microservices-based systems, cloud deployments, and large-scale application migrations**. Strong background in building **scalable, secure, and high-performance systems** within **Agile/Scrum environments**.

TECHNICAL SKILLS

Backend: C#, .NET 8 / .NET Core, ASP.NET Core (MVC, Web API), REST APIs

Frontend: Angular, React, JavaScript, HTML, CSS, Bootstrap

Databases: SQL Server, Sybase, Stored Procedures, Query Optimization

Cloud & DevOps: AWS, Docker, CI/CD, Jenkins, Git, Bitbucket

Architecture& Practices: Clean Architecture, SOLID, OOP, Agile/Scrum, TDD, Swagger

PROFESSIONAL EXPERIENCE

Software Engineer

Cognizant Technology Solutions – India Apr 2022 – Apr 2025

- Designed and developed enterprise applications using **ASP.NET Core Web APIs** and Angular to support complex insurance workflows.
- Built algorithm-driven premium calculation modules, improving accuracy and operational efficiency.
- Implemented RESTful APIs with robust error handling, data validation, and transformation logic.
- Developed a custom data migration tool to enable seamless transfer of data between systems.
- Ensured ADA and WCAG compliance across UI components.
- Designed dynamic reports and generated business-critical PDF documents.
- Actively participated in application modernization and migration initiatives.

Tech: ASP.NET Core, Web API, SQL Server, Angular, Docker, AWS, Git

Technology Analyst

Infosys Limited – India *Oct 2021 – Apr 2022*

- Supported and enhanced enterprise applications by analyzing production issues and implementing fixes.
- Assisted in system migration and knowledge transfer activities.
- Collaborated with stakeholders to gather and refine business requirements.
- Managed batch job scheduling and monitored system health.

Tech: C#, SQL Server, Web Services

Associate Professional Product Developer

DXC Technology – India *Dec 2019 – Oct 2021*

- Developed and maintained web applications using **ASP.NET MVC and Web APIs**.
- Contributed to real-time policy quoting and endorsement features.
- Participated in large-scale system migration efforts.
- Worked closely with QA and deployment teams to promote code across environments.

Product Engineer

Satnav Technologies Pvt. Ltd – India *Oct 2017 – Nov 2019*

- Delivered features in Agile development cycles using ASP.NET and SQL Server.
- Designed database objects including stored procedures and triggers.
- Developed a mobile application using Xamarin for a Helpdesk module.
- Performed unit and system testing to ensure application quality.

CERTIFICATIONS

- AWS Certified Cloud Practitioner

EDUCATION

Bachelor of Technology (B.Tech)

Jawaharlal Nehru University – 2016
